

Maths Focus - adding and subtracting.

Use the hundred square to help you if you need to.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

You can attempt these mentally or use the tens and ones grids below if you need to and draw your working out.

$27 + 5 = \underline{\hspace{2cm}}$

$33 + 3 = \underline{\hspace{2cm}}$

$41 + 6 = \underline{\hspace{2cm}}$

$75 - 4 = \underline{\hspace{2cm}}$

$68 - 6 = \underline{\hspace{2cm}}$

$37 - 7 = \underline{\hspace{2cm}}$

$28 + 10 = \underline{\hspace{2cm}}$

$36 + 30 = \underline{\hspace{2cm}}$

$64 + 20 = \underline{\hspace{2cm}}$

$41 - 20 = \underline{\hspace{2cm}}$

$64 - 30 = \underline{\hspace{2cm}}$

$87 - 40 = \underline{\hspace{2cm}}$

$27 + 7 = \underline{\hspace{2cm}}$

$33 + 7 = \underline{\hspace{2cm}}$

$46 + 9 = \underline{\hspace{2cm}}$

$75 - 6 = \underline{\hspace{2cm}}$

$61 - 3 = \underline{\hspace{2cm}}$

$37 - 7 = \underline{\hspace{2cm}}$

Use a tens and ones grid to calculate these carefully and correctly.

$28 + 14 = \underline{\hspace{2cm}}$

$36 + 38 = \underline{\hspace{2cm}}$

$64 + 26 = \underline{\hspace{2cm}}$

$41 - 24 = \underline{\hspace{2cm}}$

$64 - 35 = \underline{\hspace{2cm}}$

$87 - 58 = \underline{\hspace{2cm}}$
