

## PS - Home Learning – English

Please choose your favourite book to read. Talk with your child about the different parts of the book (such as the cover and pages). Ask your child where to start reading the story from and enjoy reading with your child. As you read ask questions about the characters or the setting such as “Why do you think ... wanted to o there?” Why do you think that Little Pigs wanted to leave home?”

Afterwards you could have a go at recreating the story using toys or drawing a picture of your favourite part.
